

# DeepFlo® Series 50 - PushBak Cart

DeepFlo® PushBak Cart Systems offer a cost-effective option for Last-In, First-Out storage by storing your products on carts that roll back into racks that are two to six pallets deep. DeepFlo® PushBak Systems can increase the storage capacity of a standard rack system by as much as 75% and allow greater selectivity in LIFO rotation with a standard lift truck.

DSS Pallet Flow Storage Technology is the fastest and most effective system for dynamic warehousing. These systems facilitate the distribution of assorted products. No other warehouse distribution system is easier to manage and provides an ROI in as little as 18 months. Dynamic Storage will help you with your warehousing needs providing customer service and the experience to back up what we do.
